

## Radio Frequency Interface (RFI) Link

PTE0236

PAE236 (PCB only)

### Overview:

The JVA Radio Frequency Interface (RFI) is designed to allow 433MHz RF security devices such as door sensors, indoor PIR's and outdoor PIR's to be controlled and monitored[1]. The RFI Link can also be paired with a RF remote control for easy arming and disarming.

[1] Controlled and Monitored through Cloud Router (online), Perimeter Patrol (offline), 4-Line Keypad (PTE0240) and the Android Keypad (PTE0233)

### Features:

- Can be paired with up to 8 RF devices[2]
- Can be paired with up to 20 RF remotes[3]
- Can be armed and disarmed via a JVA Keypad or a RF Remote
- 2 control inputs
- 2 switched 12 DC outputs (Siren and Strobe)

[2] Roboguard Beams, HS1257 PIR's and door contacts supported

[3] HS1257 or Keelog IR remotes supported

### Specifications:

Range	Line of Sight	Approx. 100 m
Size	Height:	135 mm
	Width:	128 mm
	Depth:	40 mm
Weight	Product:	185 g
	Packed:	210 g

### Package Contents:

- PAE236 (RFI Link PCB)
- PTE0236 Enclosure (non-sealed)

### Warranty:

12 month Manufacturers Warranty, negotiable
