

JVA MB3/MB4.5 Energizer Solar Kit

PTE2271

Overview:

The JVA 50W Energizer Solar Kit is a quick, easy way to provide power to your JVA MBx series Energizer. Simply unfold and secure the panel to a pole using the provided U-Bolts, tighten the bolts, attach a suitable sized 12V lead acid battery, and connect to your JVA MB3 or MB4.5 Energizer. Free power from the sun will keep your electric fence running 24/7.

This Solar kit can also be used to charge a 12V Lead Acid battery for any purpose where the 12V power consumption is approximately 5W continuous or less.

Features:

- 50W Solar Panel
- Sturdy aluminium bracket
- 12A Solar Regulator
- Wired up and ready to plug in to your energizer and battery
- Quick and easy setup with directions included
- 3 year warranty
