JVA MB16 Energizer Solar Kit

PTE2272

Overview:

The JVA 150W Energizer Solar Kit is a quick, easy way to provide power to your JVA MB16 IP Energizer. Simply unfold and secure the panel to a pole using the provided U-Bolts, tighten the bolts, attach a suitable sized 12V lead acid battery, and connect to your JVA MB16 Energizer. Free power from the sun will keep your electric fence running 24/7.

This Solar kit can also be used to charge a 12V Lead Acid battery for any purpose where the 12V power consumption is approximately 10W continuous or less.

Features:

- 150W Solar Panel
- Sturdy aluminium bracket
- 12A Solar Regulator
- Wired up ready to plug in energizer and battery
- Quick and easy setup directions included
- 3 year warranty
