

JVA 190W Solar Bundle (excludes Energizer)

PTE2276

Overview:

The JVA 190W Solar Bundle / Kit is a quick, easy way to provide power to your JVA MB12 or MB16 Energizer. Simply unfold and secure the Panel to a pole using the provided U-Bolts, tighten the bolts, attach a suitable sized 12V lead acid battery, and connect to your JVA MB12 or MB16 Energizer. Free power from the sun will keep your electric fence running 24/7.

This Solar kit can also be used to charge a 12V Lead Acid battery for any purpose where the 12V power consumption is approximately 15W continuous or less. May be suitable for other manufacturers 12V power electric fence energizers rated up to 16J output, or 160km.

Features:

- 190W Solar Panel
- Sturdy aluminium bracket
- Wired up ready to plug into the energizer and battery
- Quick easy set-up directions included
- 3 year warranty
